## **Suzuki makes World-Premiere of the New Luxury Scooter BURGMAN STREET 125EX**

**-To be introduced to Europe along with the new Address 125 and the new Avenis 125-**

New BURGMAN STREET 125EX

New Address 125

New Avenis 125

Suzuki Motor Corporation has made world-premiere of the new luxury scooter BURGMAN STREET 125EX, along with the new Address 125 and the new Avenis 125, at the INTERMOT Cologne International Motorcycle and Scooter Fair held in Cologne, Germany from 4 to 9 October\*. The three compact scooters are suited for everyday usage such as commuting to work or school. Sales of the three models in Europe will start from spring of 2023.

\*Press days from 4 to 5 October. Public days from 6 to 9 October.

### **<New BURGMAN STREET 125EX>**

The new BURGMAN STREET 125EX is a premium compact scooter for riders looking for a well-equipped scooter that can be ridden every day. The bike has a luxurious body design with refined details, and the front and rear light systems feature LED lights for better visibility. It is the first Suzuki motorcycle to adopt the Suzuki Eco Performance Alpha (SEP- $\alpha$ ) engine, which advances the technologies inherited from the powerful yet eco-friendly SEP engine, by adding the Engine Auto Stop-Start (EASS) system, which shuts off the engine automatically when stopping, and the Silent Starter System, which quietly starts the engine. The scooter also has features which improve daily convenience and comfort, such as a full-LCD instrument panel, footboards to extend the feet when cruising, and cut-away design at the rear of the floorboards to make it easier to get on and off the scooter. In addition, a range of genuine accessories are available, like a 27L large capacity top case, and grip heaters to keep your hands warm in cold climates.

## <New Address 125>

The new Address 125, sold in India from December 2019 as the Access 125, is the top selling model in the Indian domestic market. The body has a classic and urban styling, with LED headlights and position lights for better visibility. The scooter realizes a relaxed riding position by adopting a flat and spacious floorboard and wide, comfortable seats. It also features theft deterrent key system, as well as utility features such as underseat storage, left front inner pocket, and USB outlet.

## <New Avenis 125>

The new Avenis 125 is a sporty scooter sold in India from January 2022. With a flowing, dynamic styling, the scooter features body-mounted LED headlights, dual LED rear combination lights, a rear brake lock which locks the rear wheels when stopped, and a full-LCD instrument panel. The lightweight chassis and SEP engine realize a nimble handling performance. The unique sporty two-tone seat with red stitching provides both good grip and easier footing. It also has the same utility features as the new Address 125, such as theft deterrent key system and USB outlet, as well as a covered front left compartment.
